<TEXT>I do not want to pay more for my telephone service! Please reject the flat fee proposal that would change how contributions are made to the USF.

The proposal you are considering would increase rates for nearly all telecommunications, including cellular service and calling cards. As a student at a private college that is struggling anyway, and this flat fee would increase the cost of the phone service here, which would be directly passed on to the students. We simply cannot afford this.

I use my wireless phone and calling cards for safety, security and convenience. I don't want to lose these benefits so that big businesses can pay less than their fair share. I urge you to reject the proposal to move the USF collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Joel Riggs
